A Guide to Commercial Resin Flooring

WELCOME TO FLOWCRETE - for the world at your feet

Looking for a floor finish that makes a bold design statement underfoot? Looking for a floor that will stand up to high volumes of foot traffic? Looking for a floor that is easy to clean, or that can offer excellent slip-resistance properties?

With so many questions to be answered, specifying a new floor finish can sometimes seem like a daunting prospect. Achieving the correct balance between aesthetics, performance, cost and installation requirements is often hard to juggle - that's where we come in!

We have built up a reputation across the UK as **THE COMMERCIAL FLOORING SPECIALIST**, with a passion for developing flooring solutions that help commercial facilities such as shopping centres, supermarkets, bars, restaurants, schools and hospitals to create a welcoming environment for users.

FULFIL ALL OF YOUR flooring desires...

Flowcrete UK supplies flooring materials, including resin finishes, cementitious screeds, underfloor heating and acoustic insulation that can be used to develop a complete and comprehensive floor build-up from substrate to finish.

Seamless Resin Floor Finishes (1-2mm)

Peran Floor Flakes (1mm)

Peran Floor Flakes is a decorative resin floor coating, which introduces texture and vibrancy to any floor space. The system contains a mixture of flakes scattered over a coloured base and finished with a tough resistant sealer.

Flowshield Quartz (2mm)

Flowshield Quartz is a smooth resin floor finish with a decorative speckled finish. Ideal for a minimalist, modern, contemporary environment, Flowshield Quartz makes a bold design statement underfoot.

Peran SL (2mm)

Peran SL is a self-smoothing epoxy resin floor topping that achieves a joint-free finish in modern buildings. The product has an ultra gloss finish and can be produced in a range of vibrant colours to special order.

Seamless Resin Floor Finishes (2-9mm)

Peran Comfort (2-3mm)

Peran Comfort is a satin matt polyurethane resin floor finish, which is best suited to areas subject to intensive traffic such as offices, shops, department stores, supermarkets, restaurants, hospitals and schools.

Peran STB (2-4 or 3-5mm)

Peran STB is a hard wearing, decorative resin floor topping made up of colour stable quartz granules encapsulated in a clear resin binder. Peran STB is available with a matt finish.

FlowSport (6-9mm)

FlowSport is a synthetic flexible sports flooring solution, which applied over a suitable base provides a resilient, seamless and durable surface for multi-use gymnasium and indoor sports venues.

Stone Carpets (3-18mm)

Naturewalk & Naturewalk Pave (3-4 or 12-18mm)

Naturewalk & Naturewalk Pave are seamless and slip resistant gravel systems designed to surface outdoor areas. Both systems see a mix of stone aggregates bonded or bound respectively in a polyurethane resin binder.

Rustik Glamourstone (8-12mm)

Rustik Glamourstone is a seamless stone carpet system incorporating colourful marble stone particles contained within a clear resin binder. The system is ideally suited to car showrooms, designer outlets, retail stores and offices.

Rustik Natural Stone (8-12mm)

Rustik Natural Stone is a seamless stone carpet system incorporating natural stone particles contained within a resin binder. The system makes a bold design statement, bringing the ambience of the outdoors indoors.
