

## Environmental Policy Statement

Central Flooring Services Ltd is committed to conducting its business in a responsible and sustainable manner that prevents pollution, protects the environment and minimises adverse environmental impacts arising from our activities. We will continually improve our environmental performance, set and review objectives and targets related to our significant environmental aspects and comply with all applicable environmental legislation and other requirements to which the Company subscribes.

## Our Commitments

We will:-

- **Legal Compliance** - Comply with all applicable environmental legislation, regulations and client site-specific environmental requirements.
- **Environmental Management System** – Implement and maintain an Environmental Management System aligned with ISO 14001.
- **Pollution Prevention** - Prevent pollution where reasonably practicable, including the control of spills, waste, dust, noise and emissions arising from our activities.
- **Waste Management** - Apply the waste hierarchy to waste generated from resin flooring activities. Waste will be segregated where practicable and removed by licensed waste carriers.
- **Resource Use** - Minimise the use of energy, raw materials and hazardous substances associated with our operations.
- **Communication & Awareness** - Ensure employees are aware of this Environmental Policy and their responsibilities under it.

## Employees & Contractors

This includes operatives involved in resin mixing, application, surface preparation, waste handling, and site clean-down activities.

All employees and contractors have a responsibility to take reasonable care to protect the environment while at work. They are expected to:

- Work in accordance with this policy and associated procedures
- Report environmental incidents, near misses and improvement opportunities
- Cooperate with the Company to ensure legal, contractual and moral environmental obligations are met

Appropriate training, instruction, and supervision will be provided to support this commitment.

## Carbon & Climate Commitment

In line with UK Government legislation and the national Net Zero strategy, Central Flooring Services Ltd recognises the need to minimise greenhouse gas emissions associated with its operations.

Due to the nature of our activities, formal carbon footprint measurement and reduction targets are not currently practicable. This position will be reviewed periodically in line with business and legislative requirements.

Signed:

**Kyle Stokes, Director**
